The accompanying Joy-Con controllers act as regular controls devices or through motion controls and there are two you can invite friends to experience face to face multiplayer action.. In February 1998 he introduced the ATI 2x AGP version of Rage Pro to OEM market attempting to reinvest the Rage Pro for retail market by simultaneously renaming the Rage Pro Turbo and releasing a new Rage Pro Turbo driver set 4.. Rage 128 Pro was generally still suitable for Voodoo March 2000 Riva TNT2 and Matrox G400 but were often stymied by their lower clock often with 125mHz when competing against high end Voodoo3 3500 TNT2 Ultra and G400 MAX.
